You wouldn’t BURN YOUR FOOD.
Why would you BURN YOUR MONEY?

Violating state, local and federal labor laws can prove costly to your restaurant. In fact, wage and hour lawsuits are at a 30 year high and million dollar judgments are often the result.

Kronos for Dining can help. Kronos for Dining is the premier solution to track time and attendance, schedule the right employees, and manage absences while never compromising customer service. It all adds up to an easy-to-use solution that can help restaurants adhere to the myriad of labor and employment laws.
